INFLUENZA EPIDEMIC TAKES HEAVY DEATH TOLL AMONG INDIANS

Edmonton, Alta., Aug. 17.—(U.P.)—An influenza epidemic among the Mackenzie river Indians has taken at least 275 lives, it became known today from Fort Simpson radio advices.

Jack Stewart, trapper and amateur radio operator, reported that 53 Indians died at Fort Simpson alone and that more than 200 others were known to be dead in other tribal villages.

Other river posts where losses were said particularly severe were: Fort Resolution, 50 deaths; Fort Rae, 33; Fort Norman, 28; Fort Goodhope, 26, and Fort McPherson, 21.

The Indians were described as terrified by the ravages of the disease. The sick wailed and moaned in their camps while the efforts of medical missionaries were repulsed. Drugs carried to the stricken natives was either refused or was thrown away as tribal doctors attempted cures by ancient methods.

Only one white man was so far reported dead in the epidemic.

REPUBLICAN NOMINEE IN PARADE AND VIEWS SITES OF INTEREST

Santa Barbara, Cal., Aug. 17. — (UP)—Herbert Hoover was welcomed to Southern California by the people of Santa Barbara when his special train pulled in her shortly after 8 A. M. today.

The republican nominee was paraded through the streets for two hours and escorted to sites of interest in this city, rebuilt from the earthquake which nearly destroyed it.

New York, Aug. 17. — Herbert Hoover must elaborate upon his acceptance speech with regard to his prohibition views before the country knows exactly where he stands, John J. Raskob, chairman of the democratic national committee, said in an interview. The democratic leader said he believed that Hoover owed the people such an explanation.

RUNNING GUN BATTLE FOLLOWS BANK HOLDUP

Pasadena, Cal., Aug. 17.—(UP)—One bandit was killed and another captured and two police officers were wounded, one perhaps fatally, in a running gun battle that followed a holdup of a Pasadena bank today.

The two bandits were overtaken on Monterey Road in South Pasadena after they had taken $4,000 from the Fair Oaks branch of the Pasadena bank.

In the extensive gun play that followed, one of the holdup pair was shot to death. Fred Walker, motorcycle officer, was perhaps fatally wounded and an officer named Ewing was struck by a shot.

Following the death of his companion, the second bandit surrendered.

New York, Aug. 17. — (UP) — Commander Richard E. Byrd's Ford plane, one of the four to be used in the Antarctic expedition, probably will be flown to New York Monday from Detroit.

Bernt Baichen, the pilot, is in Detroit and had intended to fly here today, but said necessary readjustments had not been completed. The plane will be landed at Miller Field, L. I., dismantled and placed aboard the supply ship, City of New York.

Flood Swollen Rivers Sweep From Banks in Georgia and Pound Against Weakened Dams

DAMAGE ALSO IS FEARED IN NORTH CAROLINA

DEATH LIST MOUNTS TO 11, PROPERTY DAMAGE IN 2 STATES $1,000,000

NUMEROUS SMALL COMMUNITIES ISOLATED BY HIGH WATER

Atlanta, Ga., Aug. 17.—(UP) — Precarious conditions were reported through sections of Georgia and North Carolina today as flood swollen rivers swept from their banks and pounded against already weakened dams.

Already the mid-summer storms—including both wind and rain—have resulted in a death list of three and property damage that may reach more than $1,000,000 in the two states. Numerous small communities were isolated by high waters and there was some suffering.

North Carolina seemed suffering worst from high waters today. A tornado struck Hoke county late Thursday, causing one death and 18 injuries. Property was badly damaged.

Three streams, running bank high, threatened Burnsville; residents of the lower section of Marshall were planning to evacuate their homes while Brevard was completely isolated.

The high waters have swept into the fruit areas and in some parts of North Carolina today it was reported that one-half of the grape crop had been destroyed within the past 72 hours.

The high waters continued in southern Georgia with some towns so isolated that approach only is available from Florida. Rains continued early this morning and there was no forecast of relief.

The state insane asylum at Milledgeville, which houses 5,000 patients, is completely isolated. Waters have swept around the entire block of buildings and the only means of communication is one single telephone line. The water supply of the institution will be exhausted within the next 24 hours, supervisors reported, but the food supply is sufficient for several days.

Already relief agencies are at work through the flood district. Red Cross has sent many workers into the two states to care for families who were forced to evacuate their lowland homes by the sudden high waters.

The Florida flood threat, according to advices here, apparently has passed. One dam in Georgia already has burst from the pressure of the high waters while it was reported that the Lake Lure dam in North Carolina was weakening rapidly. Should this dam give way many houses would be in the direct path.

Swollen rivers of Virginia, the Carolinas and Georgia swept their flood waters downstream today, and new territory was forced to run the gamut of destruction caused by a northward sweeping tropical storm—the second in a week.

At least 11 lives appeared the toll of the storm as reports from stricken areas of the four states were received today.

Safety of thousands depended today on the stoutness of dams across river valleys.

Railroad service into Atlanta from the northeast was hazardous. The Southern railroad reported 15 minor washouts between Atlanta ond Charlotte, N. C. It was estimated 100 highway bridges in the four states had been washed away.

Hundreds were refugees as their lowland homes were flooded.

The toll of life included three drownings in Virginia, two in South Carolina, three in North Carolina. The other deaths resulted from devastation of high winds.

The known dead:

A. Krafft, Spring Woods, Va., drowned in Looney's Creek, Buchanan, Va.

Jesse Dove, Roanoke, Va., drowned near Buchanan.

Ethel Allen, Warrentown, Va., drowned while crossing Roanoke river.

Ellis Effler, 45, killed by fallen high voltage wire near old Ford, N. C.

Orvin Blythe, 18, drowned in French Broad river, N. C.

Myrtle and Guy Young, drowned near Hickory, N. C.

John Jones and a laborer believed named Nelson, killed when freak tornado hit Ashley Heights, N. C.

Marvel Simmons, 50, drowned at Ariel Mills, S. C.

Ballinger Hudson, 20, drowned at Ariel Mills, S. C.

Unidentified negro killed by lightning near Clayton, Ga.

Precarious conditions were general. Railroad beds in the area were washed out—one stretch of track a half mile long on the Central of Georgia near Milledgeville was swept away. Highways were impassable. Twenty-two highways in South Carolina were officially closed.

In the North Carolina highlands near Asheville and west of Charlotte, textile mill dams and power structures were reported in danger of going out.

The Piedmont belt of the Carolinas was still in the octopus grip of swollen rivers, but flood crests moved downstream. Near Columbia, S. C., rivers were rapidly rising.

In southwestern Virginia, where rivers passed high water marks of 30 years' standing, highways were flooded and Chesapeake & Ohio railroad trains were hours late.

FINDS FOSSILS OF PREHISTORIC GIGANTIC MAMMAL

Peking, China, Aug. 17.—(U.P.)—Fossils of a prehistoric mammal—whose weight is equal to that of some smaller seagoing vessels—have been found by the Roy Chapman Andrews expedition into Mongolia.

The scientist and explorer today told of the new discovery. The mammal, which lived about 6,000 years ago, stood about 25 feet high and weighed 40,000 pounds.

Andrews said he had found traces of man existing 150,000 years ago.

PRES. COOLIDGE COMING TO STATE ON FISHING TRIP

APPLIES FOR NON-RESIDENT LICENSE AT THE STATE CAPITOL

HAD, HOWEVER, FORGOTTEN TO SEND A DESCRIPTION OF HIMSELF

St. Paul, Aug. 17.—(UP)—President Coolidge is coming to Minnesota to fish, it became known today when a request for a non-resident fishing license was received at the state capitol.

George W. McCullough, newly appointed state game and fish commissioner, found it necessary, however, to consult Governor Christianson and his secretary, Ludvig I. Roe, before he could make out the license as the president had forgotten to describe himself in the request.

Both the governor and Roe have seen the president so they closed their eyes and visualized his features.

All went well enough until the president's descriptors came to his weight and height. On these matters they had to guess but, as the governor put it, "the description is close enough so that no game warden could doubt the identity of the president."

The governor stated that the license would be forwarded immediately and (need it be said) the $3 license fee would be omitted.

"That will be taken care of here," the governor said.

President Coolidge did not state just when and where the license would be used but it is believed he will fish in the lakes of northern Minnesota before returning to Washington next month.

LAW CLAIMS 8 YEAR OLD 'BABY BANDIT'

MEMPHIS JUVENILE KNOWN AS "SONNY" IN MORE TROUBLE

HAS POLICE RECORD OF OVER DOZEN ROBBERIES, ROBBED 5 HOMES

Memphis, Tenn., Aug. 17.—(UP)—The law today had claimed for a second prison term Memphis' 8-year-old "baby bandit."

"Sonny," as he is known on police records in connection with more than a dozen robberies, is a member of a prominent Memphis family. Even since earliest babyhood, he has shown inherent criminal tendencies.

More than a year ago he was arrested and sent to a reform school on charges of robbing five homes. He served eight months and was released to his parents.

And though they kept the closest possible watch on him, he succeeded in escaping and at different times broke into and robbed eight homes. And, as has been the downfall of many older and more experienced criminals, it was a comparatively trivial matter that caused his arrest.

He left his "Tom Mix" hat in one of the homes he robbed. His fondness for the hat led him back to recover it the next day, and he walked into the police trap set for him.

Mental and criminal experts were called into consultation in Sonny's case.

A thorough physical examination disclosed that the youth was suffering with diseased adenoids and tonsils and that his appendix was greatly enlarged.

Informed by Judge Kelly that he would be operated on and then sent back to the reform school, he quietly replied: "I guess that's all right."

SEEK ARREST OF MILL CITY GIRL

Minneapolis, Aug. 17.—(UP)—The arrest of Miss Valerie Cox, Minneapolis entertainer, was asked in a warrant issued at Hayward, Wis., today charging the murder of Elmer Olson, nationally known song writer.

Olson died at Hayward on July 19, from a wound said to have been received during a drinking party the night before.

Miss Cox and several others were questioned at the time of the song writer's death and were released after authorities became satisfied that the death had been caused by broken glass.

William Olson, brother of Elmer, aided by Sawyer county authorities continued to conduct an investigation of the death and after nearly a month, William today charged Miss Cox in a complaint "feloniously, wilfully and with malice aforethought killed and murdered Elmer Olson."

A. M. Gunn, attorney for Miss Cox said the entertainer was prepared to surrender to police here either late today or tomorrow.

LINER'S PASSENGERS RE-TRANSFERRED TO THEIR SHIP

San Francisco, Cal., Aug. 17. — (UP)—Passengers of the liner Ecuador were re-transferred to their ship today after the grounded boat was pulled from a reef off the coast of Lower California, according to word received at the offices of the Panama Mail Steamship Company here.

CHARGED WITH USING ICE PICKS ON CAR TIRES

Brooklyn, N. Y., Aug. 17.—(U.P.)—Sheepshead Bay precinct police are charged with puncturing with ice picks the tires of 120 automobiles found parked without lights in lieu of issuing summonses.

OIL RESTRICTION WORLD CONFERENCE NOW PREDICTED

London, Aug. 17.—(U.P.)—A world conference on oil restriction was predicted today by the financial expert of the Evening Standard.

The writer said the conference would be called after "discussion" now taking place in Scotland between the three great oil magnates—Sir Henri Deterding, Walter C. Teagle and Sir John Cadman.

Sir Henry Deterding is director of Royal Dutch Shell; Teagle is head of Standard Oil of New Jersey, and Sir John Cadman is chairman of the Anglo-Persian Oil company.

The Evening Standard said well-informed persons consider the world conference on restriction of production as almost assured.

WANT WAGE DISPUTE OF RAIL MEN ENDED

NORTHWEST SHIPPERS AND COMMUNITY ORGANIZATIONS HEARD FROM

U. S. LABOR MEDIATION BOARD BOMBARDED WITH VARIOUS PLEAS

St. Paul, Aug. 17.—(UP)—Northwest shippers and community organizations will continue to demand that the United States labor mediation board take steps toward settling the wage dispute between train men and railroads, it was indicated here.

Telegrams sent to the board yesterday requested that a fact finding commission be appointed to investigate the apparently impending strike. Establishment of the commission would automatically stay any strike for 30 days after its announcement.

Such action was taken by shippers in St. Paul, Minneapolis and Duluth. It was understood that Kansas City interests also will ask that the mediation board intervene.

The action would be taken through President Coolidge, who would appoint the fact finding commission. Several shippers have announced they were asked to place their requests with the mediation board by railroad men.

Northwest shipping authorities said that a strike at this time would raise economic havoc in the northwest as there would be no means of moving the large wheat crop now being harvested. Iron ore shipments from northern Minnesota also are expected to be heavy during the next few months.

JOHN COOLIDGE IS TO VISIT DR. GLENN FRANK

Superior, Wis., Aug. 17.—(UP)—John Coolidge, son of President and Mrs. Coolidge, was speeding toward Madison, Wis., early today as a guest of Dr. Glenn Frank, president of the University of Wisconsin. John boarded the train prepared for a week-end, free from academic restraints. He carried a saxophone and a set of golf clubs. It was his first overnight absence from the summer White House since his arrival at Cedar Island.

ROY HUNT TAKES PLACE OF DIERCKS IN TIMBER DEPT.

St. Paul, Aug. 17.—(UP) — Roy Hunt, Pine City field man in the state timber department, today became temporary superintendent of the division following the death of Otto H. Dierks, Wednesday in Duluth.

No permanent appointment will be made at once, Ray P. Chase, state auditor, said to fill the vacancy made when Dierks took his own life apparently because of illness and despondency over the recent criticisms of the timber department.

WIRELESS TO TAP LIBERIA REPUBLIC

Washington, Aug. 17.—(UP) — The Federal Radio Commission today granted to the Radio Corporation of America a license to establish wireless communications with Liberia.

MONGOL CAVALRY TROOP OCCUPIES EASTERN RAILWAY

TAKE OVER SECTION OF CHINESE EASTERN ROAD, BETWEEN BARIM AND UNUR

TRACKS ARE DESTROYED, TELEGRAPH SYSTEMS WRECKED BY RAIDERS

Harbin, Manchuria, Aug. 17. — (UP)—What is believed as the first of an uprising of Mongolians against the Manchurian government occurred today when a Mongol cavalry troop occupied the Chinese Eastern railway between Barim and Unur.

Trans-Siberian expresses were stopped and the cavalry troops destroyed the tracks and the telegraph systems.

London, Aug. 17. — Soviet Mongolia has declared war against the state of Barga, the Morning Post Harbin correspondent said, after the Mongolian ultimatum demanding reunion of the two states had been rejected.

A strong detachment of Red Mongol cavalry trained by the Russians, has reportedly crossed the border while Chinese troops are rushing to the scene.

The Morning Post correspondent said that the declaration of war may indirectly affect Japan through Manchuria as the Chinese Eastern railway, near where the trouble centers, and Japanese mining and timber lands are involved.

London, Aug. 17.—Revival of an ancient border dispute in a remote region to the northeast of China threatened today to involve China, Japan, Soviet Mongolia and Manchuria before it is settled.

The trouble is on the border between inner Mongolia and Manchuria, where the semi-independent state of Barga lies.

A dispatch said Mongolia had declared war on Barga because the native ruler, Prince Guifu, had refused a Mongolian ultimatum demanding a union of the two states.

A dispatch to the Morning Post from Harbin said a strong detachment of Red Mongol cavalry, trained by the White Russians when outer Mongolia asserted its independence of China and became Sovietized, had crossed the border towards Manchuria.

A United Press dispatch from Harbin said the Mongol cavalry had occupied the Chinese Eastern railway between Barim and Unur, destroying tracks, severing telegraph lines and halting trans-Siberian expresses. The Chinese Eastern is an important link conecting the south Manchurian railway and southern points with the Trans-Siberian.

Chinese troops were sent to the scene in armored trains, the dispatch said.

The main danger of the situation lies in the probability that Japanese mining and timber interests in Manchuria are involved through seizure of the railroad. The Chinese Eastern is vital to Japanese interests.

Washington, Aug. 17.—Confirmation of the invasion of northern Manchuria by Mongol cavalry troops was contained in official dispatches received here today. These dispatches said four Americans are at present in Sarin, a city located on the section of the Chinese Eastern railway which has been seized by the invaders.

ODD EXCUSE FAILED TO WORK

St. Cloud, Aug. 17.—(U.P.)—One of the best excuses ever heard in the courts of St. Cloud had failed today to free Nicholas Wegman from a 60-day jail sentence.

Wegman, arrested with a woman when officers raided an alleged beer farm, said he kept the girl in his room because he knew that several young men in the city were waiting for an opportunity to attack her.

Justice Ronald asked the defendant how long the "protection" had been going on.

"Since last November, your honor," Wegman answered.

"Sixty dollars or sixty days," the amused justice said.

Wegman chose to serve the jail term.

FINDS FOSSILS OF PREHISTORIC GIGANTIC MAMMAL

Peking, China, Aug. 17.—(U.P.)—Fossils of a prehistoric mammal—whose weight is equal to that of some smaller seagoing vessels—have been found by the Roy Chapman Andrews expedition into Mongolia.

The scientist and explorer today told of the new discovery. The mammal, which lived about 6,000 years ago, stood about 25 feet high and weighed 40,000 pounds.

Andrews said he had found traces of man existing 150,000 years ago.

PRES. COOLIDGE COMING TO STATE ON FISHING TRIP

APPLIES FOR NON-RESIDENT LICENSE AT THE STATE CAPITOL

HAD, HOWEVER, FORGOTTEN TO SEND A DESCRIPTION OF HIMSELF

St. Paul, Aug. 17.—(UP)—President Coolidge is coming to Minnesota to fish, it became known today when a request for a non-resident fishing license was received at the state capitol.

George W. McCullough, newly appointed state game and fish commissioner, found it necessary, however, to consult Governor Christianson and his secretary, Ludvig I. Roe, before he could make out the license as the president had forgotten to describe himself in the request.

Both the governor and Roe have seen the president so they closed their eyes and visualized his features.

All went well enough until the president's descriptors came to his weight and height. On these matters they had to guess but, as the governor put it, "the description is close enough so that no game warden could doubt the identity of the president."

The governor stated that the license would be forwarded immediately and (need it be said) the $3 license fee would be omitted.

"That will be taken care of here," the governor said.

President Coolidge did not state just when and where the license would be used but it is believed he will fish in the lakes of northern Minnesota before returning to Washington next month.

LAW CLAIMS 8 YEAR OLD 'BABY BANDIT'

MEMPHIS JUVENILE KNOWN AS "SONNY" IN MORE TROUBLE

HAS POLICE RECORD OF OVER DOZEN ROBBERIES, ROBBED 5 HOMES

Memphis, Tenn., Aug. 17.—(UP)—The law today had claimed for a second prison term Memphis' 8-year-old "baby bandit."

"Sonny," as he is known on police records in connection with more than a dozen robberies, is a member of a prominent Memphis family. Even since earliest babyhood, he has shown inherent criminal tendencies.

More than a year ago he was arrested and sent to a reform school on charges of robbing five homes. He served eight months and was released to his parents.

And though they kept the closest possible watch on him, he succeeded in escaping and at different times broke into and robbed eight homes. And, as has been the downfall of many older and more experienced criminals, it was a comparatively trivial matter that caused his arrest.

He left his "Tom Mix" hat in one of the homes he robbed. His fondness for the hat led him back to recover it the next day, and he walked into the police trap set for him.

Mental and criminal experts were called into consultation in Sonny's case.

A thorough physical examination disclosed that the youth was suffering with diseased adenoids and tonsils and that his appendix was greatly enlarged.

Informed by Judge Kelly that he would be operated on and then sent back to the reform school, he quietly replied: "I guess that's all right."

SEEK ARREST OF MILL CITY GIRL

Minneapolis, Aug. 17.—(U.P.)—The arrest of Miss Valerie Cox, Minneapolis entertainer, was asked in a warrant issued at Hayward, Wis., today charging the murder of Elmer Olson, nationally known song writer.

Olson died at Hayward on July 19, from a wound said to have been received during a drinking party the night before.

Miss Cox and several others were questioned at the time of the song writer's death and were released after authorities became satisfied that the death had been caused by broken glass.

William Olson, brother of Elmer, aided by Sawyer county authorities continued to conduct an investigation of the death and after nearly a month, William today charged Miss Cox in a complaint "feloniously, wilfully and with malice aforethought killed and murdered Elmer Olson."

A. M. Gunn, attorney for Miss Cox said the entertainer was prepared to surrender to police here either late today or tomorrow.

OIL RESTRICTION WORLD CONFERENCE NOW PREDICTED

London, Aug. 17.—(U.P.)—A world conference on oil restriction was predicted today by the financial expert of the Evening Standard.

The writer said the conference would be called after "discussion" now taking place in Scotland between the three great oil magnates—Sir Henri Deterding, Walter C. Teagle and Sir John Cadman.

Sir Henry Deterding is director of Royal Dutch Shell; Teagle is head of Standard Oil of New Jersey, and Sir John Cadman is chairman of the Anglo-Persian Oil company.

The Evening Standard said well-informed persons consider the world conference on restriction of production as almost assured.

WANT WAGE DISPUTE OF RAIL MEN ENDED

NORTHWEST SHIPPERS AND COMMUNITY ORGANIZATIONS HEARD FROM

U. S. LABOR MEDIATION BOARD BOMBARDED WITH VARIOUS PLEAS

St. Paul, Aug. 17.—(UP)—Northwest shippers and community organizations will continue to demand that the United States labor mediation board take steps toward settling the wage dispute between train men and railroads, it was indicated here.

Telegrams sent to the board yesterday requested that a fact finding commission be appointed to investigate the apparently impending strike. Establishment of the commission would automatically stay any strike for 30 days after its announcement.

Such action was taken by shippers in St. Paul, Minneapolis and Duluth. It was understood that Kansas City interests also will ask that the mediation board intervene.

The action would be taken through President Coolidge, who would appoint the fact finding commission. Several shippers have announced they were asked to place their requests with the mediation board by railroad men.

Northwest shipping authorities said that a strike at this time would raise economic havoc in the northwest as there would be no means of moving the large wheat crop now being harvested. Iron ore shipments from northern Minnesota also are expected to be heavy during the next few months.

JOHN COOLIDGE IS TO VISIT DR. GLENN FRANK

Superior, Wis., Aug. 17.—(UP)—John Coolidge, son of President and Mrs. Coolidge, was speeding toward Madison, Wis., early today as a guest of Dr. Glenn Frank, president of the University of Wisconsin. John boarded the train prepared for a week-end, free from academic restraints. He carried a saxophone and a set of golf clubs. It was his first overnight absence from the summer White House since his arrival at Cedar Island.

ROY HUNT TAKES PLACE OF DIERCKS IN TIMBER DEPT.

St. Paul, Aug. 17.—(UP) — Roy Hunt, Pine City field man in the state timber department, today became temporary superintendent of the division following the death of Otto H. Dierks, Wednesday in Duluth.

No permanent appointment will be made at once, Ray P. Chase, state auditor, said to fill the vacancy made when Dierks took his own life apparently because of illness and despondency over the recent criticisms of the timber department.

Washington, Aug. 17.—(UP) — The Federal Radio Commission today granted to the Radio Corporation of America a license to establish wireless communications with Liberia.

MONGOL CAVALRY TROOP OCCUPIES EASTERN RAILWAY

TAKE OVER SECTION OF CHINESE EASTERN ROAD, BETWEEN BARIM AND UNUR

TRACKS ARE DESTROYED, TELEGRAPH SYSTEMS WRECKED BY RAIDERS

Harbin, Manchuria, Aug. 17. — (UP)—What is believed as the first of an uprising of Mongolians against the Manchurian government occurred today when a Mongol cavalry troop occupied the Chinese Eastern railway between Barim and Unur.

Trans-Siberian expresses were stopped and the cavalry troops destroyed the tracks and the telegraph systems.

London, Aug. 17. — Soviet Mongolia has declared war against the state of Barga, the Morning Post Harbin correspondent said, after the Mongolian ultimatum demanding reunion of the two states had been rejected.

A strong detachment of Red Mongol cavalry trained by the Russians, has reportedly crossed the border while Chinese troops are rushing to the scene.

The Morning Post correspondent said that the declaration of war may indirectly affect Japan through Manchuria as the Chinese Eastern railway, near where the trouble centers, and Japanese mining and timber lands are involved.

London, Aug. 17.—Revival of an ancient border dispute in a remote region to the northeast of China threatened today to involve China, Japan, Soviet Mongolia and Manchuria before it is settled.

The trouble is on the border between inner Mongolia and Manchuria, where the semi-independent state of Barga lies.

A dispatch said Mongolia had declared war on Barga because the native ruler, Prince Guifu, had refused a Mongolian ultimatum demanding a union of the two states.

A dispatch to the Morning Post from Harbin said a strong detachment of Red Mongol cavalry, trained by the White Russians when outer Mongolia asserted its independence of China and became Sovietized, had crossed the border towards Manchuria.

A United Press dispatch from Harbin said the Mongol cavalry had occupied the Chinese Eastern railway between Barim and Unur, destroying tracks, severing telegraph lines and halting trans-Siberian expresses. The Chinese Eastern is an important link conecting the south Manchurian railway and southern points with the Trans-Siberian.

Chinese troops were sent to the scene in armored trains, the dispatch said.

The main danger of the situation lies in the probability that Japanese mining and timber interests in Manchuria are involved through seizure of the railroad. The Chinese Eastern is vital to Japanese interests.

Washington, Aug. 17.—Confirmation of the invasion of northern Manchuria by Mongol cavalry troops was contained in official dispatches received here today. These dispatches said four Americans are at present in Sarin, a city located on the section of the Chinese Eastern railway which has been seized by the invaders.

ODD EXCUSE FAILED TO WORK

St. Cloud, Aug. 17.—(U.P.)—One of the best excuses ever heard in the courts of St. Cloud had failed today to free Nicholas Wegman from a 60-day jail sentence.

Wegman, arrested with a woman when officers raided an alleged beer farm, said he kept the girl in his room because he knew that several young men in the city were waiting for an opportunity to attack her.

Justice Ronald asked the defendant how long the "protection" had been going on.

"Since last November, your honor," Wegman answered.

"Sixty dollars or sixty days," the amused justice said.

Wegman chose to serve the jail term.

Norma Talmadge Here in "The Dove"

When looking at "The Dove," which is being shown at the Lyceum tonight for the last time, it is difficult to believe that Norma Talmadge has been appearing before the motion picture camera for nearly 15 years. True, she started as a child, but even at that, she appears but little more than a mere girl today. And this is due in large measure to her sensible attention to her physical condition.

BRAINERD WELCOMES THE MOOSE

BRAINERD today welcomes the Moose fraternity, who gather here three days in convention. May their stay be a pleasant and profitable one. It is hoped their visit will acquaint them with Brainerd and the territory adjacent where one finds fertile farms, translucent lakes, fishing streams, pleasant hills and valleys, an outing and recreation field to which Brainerd is the acknowledged gateway.

Within the limits of Brainerd is a wonderful park system, three parks of beauty and rare utility. The city's tourist park is known throughout the nation and internationally too, for many Canadians have visited it. The conveniences of the tourist park equal those of the largest cities and have gained the favorable comment of all visitors. Gregory park, centrally located, is beautiful with its flowers and other attractions, band stand, etc. Lum park is coming into its own this year, and Brainerd people and visitors are availing themselves of its many recreational features. It is here that the water sports of the convention will be held.

Brainerd has well paved streets, well kept homes and lawns, and all that makes a city attractive. It is the home of the Northern Pacific railway shops, largest repair shops in the middle west, and giving employment to many people.

Other industries flourish in the city and their owners will be glad to show factories, output, etc., to visitors.

The water and electric systems of the city are among the most modern and were commented on at the time of the League of Minnesota Municipalities convention held at Brainerd.

Brainerd has flourishing churches, civic organizations, service clubs, Chamber of Commerce, etc., and these all as well as individual citizens are proud of their home town and its constant development.

We bid the Moose welcome and hope their stay here will leave with them pleasant memories of Brainerd and its environs.

TALES are heard in Brainerd of hit and run drivers who damage cars in collision and then speed away before the damaged car party can even get the license number.

LOOSE gravel, wet pavements should cause an automobile driver to slacken speed. The few who do not, often wind up in the ditch.

HIGHWAY DEPT. NEW BUILDING

Storage Warehouse Being Constructed Just East of Their Present Building

MEASURES 28 BY 130 FEET

George W. Sommer, Bemidji, is Engineer in Charge of Construction

Ground is being broken in preparation for a new storage warehouse for the Highway department just east of their present building on Laurel street. The new building which measures 28 by 130 feet will be used for storage purposes. George W. Sommer of Bemidji, working from the central office of the highway department in St. Paul, is the engineer in charge of the construction. A screen wall will connect the fronts of the highway building and the new warehouse, giving the highway department a frontage of 130 feet.

The new building, which is to be of brick construction with a concrete foundation, will be completed in the course of the next six weeks according to Mr. Sommer. The pouring of concrete will begin some time next week. The brick and lumber to be used are on the road from St. Paul.

The building is to be one story high with the exception of a room 20 by 28 feet in the rear, which will be two stories high. This room will be used as an oil station. The room in front will have five large double stalls to accommodate ten large trucks, graders or tractors of the highway department. The runway between the two buildings will be used for the parking of large machinery and other equipment.

The cement and sand used in the construction were being unloaded today. Mr. Sommer expects to have about twelve men under him on the job when the work gets in full swing.

The reason for the construction of the new warehouse was the overcrowded condition of the highway building. It should be used as a place for repairing only and there was no room in it for the oil station, the road machinery and the miscellaneous equipment.

CANNED FRUIT SEASON HERE

Housewife Contributes to Family's Income by Taking Advantage of Home Canning

"After all, there is nothing better than home-canned fruit." How many times have you heard this said of your luscious peaches, or pears or prunes that you canned in the summer? It is with great pride that the housewife points to her neatly stacked rows of fruits, jams, jellies and preserves on the shelf.

No greater happiness can be won from so little effort as to have a lovely jar of fruit to open and serve for those unexpected guests who arrive about tea time in the afternoon, or else after dinner when the stores are closed. Then indeed, it is a "life-saver" to have spent some time in the summer putting up these delicacies.

But the guests are not the only ones who enjoy mother's canned fruits. The rest of the family are just as equally delighted when the dessert is plain canned peaches with a little whipped cream on each half.

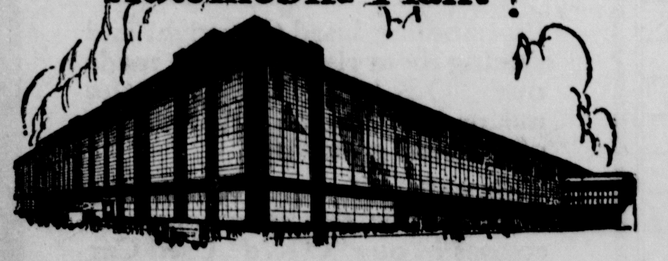

This is an age of commercialism, and the housewife would, in a great many cases, rather be in an office earning a salary than to stay at home. This is because she does not receive any set sum of money for her services at home. But what about the smiles of the young ones, and the satisfaction that you see in their eyes as they partake of food that "mother" has especially canned? Here indeed, should be ample reward for any hours so expended. In addition to increasing the satisfaction needs of the family the housewife also is in reality contributing to the family's income whenever she produces something, such as canned fruits. Most homes today are on the consuming end of the line. This means that some one has to produce and why shouldn't the housewife do a nominal amount of production by conserving the supply of fresh fruits in the many delightful ways that the family loves and yet that cannot be purchased at the store?

Clark to Succeed Olds in State Department

Washington, Aug. 17.—(UP)—J. Reuben Clark, noted international lawyer of Salt Lake City, Utah, has been appointed under sceretary of state, it officially was announced by the state department today. He succeeds Robert E. Olds, who resigned June 30, to take a position with Sullivan and Cromwell, New York firm of international lawyers.

No greater happiness can be won from so little effort as to have a lovely jar of fruit to open and serve for those unexpected guests who arrive about tea time in the afternoon, or else after dinner when the stores are closed. Then indeed, it is a "life-saver" to have spent some time in the summer putting up these delicacies.

But the guests are not the only ones who enjoy mother's canned fruits. The rest of the family are just as equally delighted when the dessert is plain canned peaches with a little whipped cream on each half.

This is an age of commercialism, and the housewife would, in a great many cases, rather be in an office earning a salary than to stay at home. This is because she does not receive any set sum of money for her services at home. But what about the smiles of the young ones, and the satisfaction that you see in their eyes as they partake of food that "mother" has especially canned? Here indeed, should be ample reward for any hours so expended. In addition to increasing the satisfaction needs of the family the housewife also is in reality contributing to the family's income whenever she produces something, such as canned fruits. Most homes today are on the consuming end of the line. This means that some one has to produce and why shouldn't the housewife do a nominal amount of production by conserving the supply of fresh fruits in the many delightful ways that the family loves and yet that cannot be purchased at the store?

OPEN 3-GAME SERIES AT ST. LOUIS THIS AFTERNOON

CLEAN SWEEP FOR EITHER TEAM WOULD SETTLE NATIONAL PENNANT RACE

JOHN J. McGRAW BELIEVES THE GIANTS WILL WIN THE PENNANT

By GEORGE KIRKSEY
(United Press Staff Correspondent)

New York, Aug. 17.—The New York Giants and St. Louis Cardinals open a crucial 3-game series at St. Louis today and a clean sweep for either team would just about settle the National League pennant race.

The Giants went west 2½ games behind the Cardinals, but slipped back another game by dropping two out of three games to the Chicago Cubs while the Cardinals were taking two out of three from the Braves.

John J. McGraw believes the Giants will win the pennant if they can stay within three games of the Cardinals until the Giants return home for a long stay August 28.

"If we can stay within 3 games of the Cardinals on this trip," McGraw said, "we ought to win the pennant."

Fred Fitzsimmons, who has won 14 games and lost six for the Giants this season, and Clarence Mitchell, the 37-year-old Philadelphia castoff who holds a jinx over the Giants, were slated to pitch the opening game today.

For some unaccountable reason, the Giants can't beat the Cubs at Chicago. The Giants have won only two games out of ten played at Chicago this season. Yesterday's loss to the Cubs was a costly one, as New York lost a chance to gain back the game they lost the day previous while the Cardinals felll before the Braves.

The Cards are in none too good shape for this series. Rabbit Maranville is ten pounds underweight and out of the line-up after two months of strenuous play. Jimmy Wilson has an injured hand, but he is gamely staying in the game. Wattie Holm is having trouble with an old knee injury.

Diamond Gossip

Art Nehf's friends in his home town of Phoenix, Ariz., shipped him a live rattlesnake—but Art couldn't use the rattler so he gave him to a Chicago zoo.

Jimmy Foxx has a kid brother who'll be ready for the big show in a couple of years, Jimmy says.

Babe Ruth has two dozen caps of exactly the same size and color.

BRAINERD CLUB TO BOLSTER BATTING FOR CROSBY TILT

OLSON AND HURR LIKELY TO DRAW BATTERY ASSIGNMENT AGAINST ORE DIGGERS

HAPPY FELSCH AND PLENTYWOOD, MONT., TEAM TO PLAY HERE AUG. 21

The Brainerd ball club has spent the last two days in batting practice in preparation for their tilt with Jack Schmidt's Crosby Ore Diggers at Municipal Field Saturday afternoon at 3:30 o'clock. The team appears to be in fine condition and they are taking no chances of losing their batting punch in the last few days.

It is probable that Olsen will be on the mound for Brainerd with Hurr behind the bat as the locals do not wish the Ore Diggers to repeat their Fourth of July triumph over Brainerd.

Jack Schmidt, manager of the Ore Diggers, is working on a combination to down the locals. He always has been a hard man to beat and he will come to Brainerd primed to win the contest.

It is promised that the diamond will be put in first class condition for the game Saturday.

Brainerd baseball fans have a treat in store for them when Happy Felsch and his Major League All Stars come here for a game on August 21st. Felsch played with the Chicago American League team until he was forced out of organized baseball after the world's series' scandal in 1919.

MARATHON DANCERS ARE HAPPY TODAY

Mrs. Gladys Houston and Monty Bofferding Split First Prize

OTHER PRIZE AWARDS

Dancers Had a Big Party on South Shore of Gull Lake Last Night

The marathon dancers are happy today for at last their long hours of dancing are bringing return to them. Maybe not as much as they expected but something at least. Smiling Mrs. Gladys Houston and Monty Bofferding will split the first prize of $237.86. The second prize of $118.93 goes to Mrs. Estelle Hildebrandt and Miss Ann Gruber. The $71.34 constituting third prize will be divided between Callum DeVilliers and Cully Rodman of Brainerd. And the fourth and last prize goes to Miss Katherine Anton, the lady of No. 6 and Miss Leon LaVergue No. 5 lady. The fourth prize is $47.56.

All the dancers that danced over 200 hours got $3 a day for each hour over the 200 mark so that boosted the earnings of the winners something like $30.

The dancers had a big party to celebrate the ending of the dance on the southern shores of Gull lake last night. They had three cottages and they divided themselves into three groups and each group celebrated as it saw fit. The party started at 9 p. m. All the dancers were present excepting Melvin J. Bye No. 9 and Callum DeVilliers (The Sheik) No. 13 who spurned the assemblage.

Although the winners received a little over 27 cents an hour in prize money for their long weary hours they seemed in high spirits last night and several of them announced their intentions of entering other marathons in the near future.

MARATHON DANCERS ARE HAPPY TODAY

Mrs. Gladys Houston and Monty Bofferding Split First Prize

OTHER PRIZE AWARDS

Dancers Had a Big Party on South Shore of Gull Lake Last Night

The marathon dancers are happy today for at last their long hours of dancing are bringing return to them. Maybe not as much as they expected but something at least. Smiling Mrs. Gladys Houston and Monty Bofferding will split the first prize of $237.86. The second prize of $118.93 goes to Mrs. Estelle Hildebrandt and Miss Ann Gruber. The $71.34 constituting third prize will be divided between Callum DeVilliers and Cully Rodman of Brainerd. And the fourth and last prize goes to Miss Katherine Anton, the lady of No. 6 and Miss Leon LaVergue No. 5 lady. The fourth prize is $47.56.

All the dancers that danced over 200 hours got $3 a day for each hour over the 200 mark so that boosted the earnings of the winners something like $30.

The dancers had a big party to celebrate the ending of the dance on the southern shores of Gull lake last night. They had three cottages and they divided themselves into three groups and each group celebrated as it saw fit. The party started at 9 p. m. All the dancers were present excepting Melvin J. Bye No. 9 and Callum DeVilliers (The Sheik) No. 13 who spurned the assemblage.

Although the winners received a little over 27 cents an hour in prize money for their long weary hours they seemed in high spirits last night and several of them announced their intentions of entering other marathons in the near future.

Altoona, Pa., Aug. 17. — (UP)— Jimmy Gleason, in trying to qualify for tomorrow's 200-mile automobile race, crashed into the rail and smashed his car. Gleason was unhurt.

4 WINIPEG PEOPLE HURT IN ACCIDENT

Studebaker Touring Car Blows Right Front Tire and Rolls Into Ditch

NEAR CROW WING

Passing Motorists Pick Them Up and Bring Them to St. Joseph's Hospital

Four Winnipeg, Canada, people were injured near the noon hour when the Studebaker touring car they were driving blew a right front tire, overturned several times and rolled into the ditch about four miles south of Crow Wing station.

The injured are:

J. G. Mitchell, pinned under the car, lacerations and contusions. The others were thrown clear of the car.

Mrs. J. G. Mitchell, broken leg.

Miss Ethel James, possible fractured ribs, multiple contusions, and injuries to back.

Miss Isla Hendry, contusions.

The car was entirely wrecked. Passing motorists picked them up and brought them to the Brainerd hospital where their injuries were attended to. The tourists were on their way home when the accident happened.

FLOWER SOCIEY OFFERS POINTERS

Suggestions Made for Care of Flowers in Last Few Days Before Show

SHOW BEGINS AUGUST 22

Flowers Should Receive Plenty of Water as Show Date Approaches

The Crow Wing County Garden Flower society offers the following suggestions to flower lovers in regard to their show that starts at the court house August 22.

The annual flower show is five days away. All flowers should receive plenty of water at this time.

Glads may be kept longer by cutting the spike just as the first flower opens and placing in a cool place with ice in the water. Try and have as many blooms open as possible the day of the show, the judges cannot take into consideration how the flower looked yesterday or will look tomorrow.

Dahlias keep longer if they are picked early in the morning or late in the evening. Immediately after picking, about one inch of the stem may be placed in very hot water for a few minutes. This seals the stem and the flower keeps in condition longer.

Read carefully the rules that govern the flower show. If the class calls for a vase, do not use your own judgement and use a basket. In the classification for vases and baskets, gladiolus and dahlias may not be used except for the special class for baskets of glads and baskets of dahlias. When an entry calls for six blooms, there must be exactly six, no more no less or your entry will be disqualified. If you are exhibiting a basket or vase, remember arrangement is an important factor.

Arrange flowers on both sides of the basket alike and blend the colors. If there is a doubt in your mind as to which class a flower belongs, bring it in and the classification committee will see that it is entered in the proper class.

The premium list will be published tomorrow and you will be able to plan your entries. There is a place for every flower in your garden in the schedule.

WHAT HAS HAPPENED SO FAR.

ALEDA RAY, pretty country girl working in New York as a stenographer, and Gary Chester, young engineer, are in love. Aleda is living with Marise de Rense and the latter's young sophisticated sister, Goldie. Through falsehoods, Goldie creates a break between Aleda and Gary. W. B. Lingard employer of Aleda and Gary, after years of search meets Marise, sweetheart of his youth. Eavesdropping, Goldie learns that Marise is not her sister—but her mother! She demands an explanation and Marise pours out the story of her tragic early marriage to a convict who has since died. Goldie leaves home in a huff. Goldie is sought by the police to explain her connection with a blackmailing scheme. Aleda visits her parents in the country and meets Gary there.

NOW GO ON WITH THE STORY.

CHAPTER L.

"I SAIL for Europe next week," said Gary Chester, his grey eyes full of a shiny warmth as they rested on Aleda at the wheel of her old car.

It was a lovely Summer evening in the Adirondacks. They were skimming along the fern-fringed, tree-lined roads as though New York, with all its bustle and its business, never had existed for this pair.

Aleda was on a brief holiday, back with the old folks.

Gary was making a further investigation for the Hudson Water Power.

And they had met—quite accidentally—close to the scene of their first encounter. Neither had been aware that the other was in the vicinity.

Gary said now: "I was awfully disappointed that you didn't wait for me that evening. We—we had a sort of an—engagement—if I remember aright?"

Apology—a wish to set relations straight between them—was in his hesitant tones.

Aleda flushed, staring straight ahead at the fern-fringed ribbon of road that led toward her parents' house. She told herself, with a violent quiet: "He thinks he can throw me down, and then—when he feels like it, and there isn't anyone else in this neighborhood for company!—take me up again! But I shan't be 'easy'—not a second time!"

Aloud she said, with an assumed nonchalance, for her heart was thudding painfully at the thrilling nearness of this young man:

"It was entirely up to you to get in touch with me again!"

"I was afraid—! You know I wanted—!"

Deliberately she slowed down the pace of the old car. There was no subterfuge about Aleda. Better to have things out right here!

"You ware afraid I wasn't the right kind of a girl to know, when you found me at that roof-apartment party? And still less so, when you returned that vanity case to me, containing the $50 note?"

It was his turn to redden. Before he could protest, however, she proceeded vehemently:

"If I'd known how you felt, I'd have choked Goldie sooner than let her phone you to come for me! It was only—only—"—her voice shook—"after our wonderful ride out to Long Island, and our beautiful talk together, I did count you as a friend—a real friend!"

Gary put a hand on her shoulder, as they sat in the slowly-moving car.

"Who's Goldie? I had no phone call. I assure you, on my word of honor, that I don't know what you mean!"

Aleda said, breathlessly: "Goldie called you at the Yale Club on the night of our—our outing—to come to the roof apartment—(I hated the whole party)—and fetch me home!"

Said Gary, mystified: "I received no such message. I came to the roof apartment entirely on your note!"

"My note? What note?"

Without further parley, Gary pulled from his pocketbook the typewritten missive Goldie had sent. "'Gary, ole dear,'" Aleda read, astounded, "'come on and join us on the roof at 0072 Madison Avenue . . . love from Aleda.'"

She brought the car to a halt. She read the note again, said, blankly: "I never sent this! I've never even seen this! And to use my name in connection with it is—a forgery!"

* * * * *

To Aleda, that evening . . . with the ensuing days up in the Adirondacks . . . were one enchanted dream of happiness!

Gary and she! This magic countryside . . . their reconciliation!

His meeting with her parents! The old folks' genuine appreciation of the young man!

Misunderstandings were removed. Despite hurt pride over his previous disbelief in her, she let him know about the return of the $50 note.

Oh, she was proud, this beautiful Aleda! Gary told himself that he had found the real girl of his heart!

They traveled back to New York together on Wednesday morning. Gary had to catch an Italian liner for Genoa that night.

Aleda saw him off on the luxurious vessel. When the bugle blew its "Visitors Ashore!" slogan, and before the gangplank was withdrawn, he whispered in her ear:

"Next time, Aleda, I won't go alone! You'll come with me? A promise?"

Her heart rose in a thrill of rapture. Tears ached at her throat.

* * *

Back in the house on West Fortieth street, Aleda—happy in the smooth progress of her love affair with Gary Chester—sought to cheer up Marise.

"Not a line from Goldie in two weeks! I've written her three times! She doesn't reply!" Goldie's mother—hitherto known as Goldie's elder sister—turned to Aleda for sympathy.

Aleda overflowed with it. Happy herself, she wanted everybody else to be the same!

"Goldie will come around all right! You give her time! And"—Aleda shook an arch finger at her friend—"in worrying about Goldie, who's quite fit to take care of herself, don't forget your old flame and my boss, William B. Lingard, who looks years and years younger since he's met his old sweetheart again!"

Marise was all a-flutter. Deep in her heart she had always cared for Lingard. And the words he had spoken to her that night rang in her ears like the echo of an old love refrain!

* * * * *

"Miss Ray, take this cable." William B. Lingard was at his desk. "Please accept Bianchi Power Company's conditions. Wire further details on Leviathan. Am leaving tomorrow. Send final particulars or try meet me Ritz Paris."

Aleda paused, pencil in hand. "To whom shall I send this cable, Mr. Lingard?"

"To Gary Chester, Hotel Excelsior, Milan," he answered.

Her Gary!

"Anything else?"

William B. Lingard leaned forward. He said, briefly: "I sail for Paris tomorrow night on the Gigantic. I require a secretary. The trip will be brief. My niece, the Countess Dellamanca, will chaperon you. Can I count on you to sail with me tomorrow, Miss Ray?"

MISS SHEEHAN WINS PRIZES AT GOLF CLUB

ST. CLOUD GIRL CAPTURES NET AND GROSS PRIZES AT TOURNAMENT

BRAINERD COUNTRY CLUB LADIES WERE HOSTESSES YESTERDAY

Miss Josephine Sheehan of St. Cloud walked off with both net and the gross prizes in the invitational tourney held at the Country Club yesterday by the Brainerd Country club ladies. Eight ladies from St. Cloud were the only ones present from the clubs invited to attend the meet. The contingents from Little Falls, Sauk Centre and the Deerwood-Aitkin-Ironton clubs were apparently frightened away by the threatening weather.

However, there were many ladies from the surrounding lake region and a number of Brainerd ladies there to make the tea in connection with the tourney a decided success.

The ladies of the Country club have been turning their proceeds from the teas into improvements for the club. They have already purchased some new dishes for the club house, and new shades for the club house windows, and numerous other articles for the club house.

The next tea will be staged next Thursday afternoon at 3 o'clock. The ladies have also spent a part of their money in the purchase of a set of 12 new chairs which they hope to have in use at the tea next Thursday afternoon.

Back in the house on West Fortieth street, Aleda—happy in the smooth progress of her love affair with Gary Chester—sought to cheer up Marise.

"Not a line from Goldie in two weeks! I've written her three times! She doesn't reply!" Goldie's mother—hitherto known as Goldie's elder sister—turned to Aleda for sympathy.

Aleda overflowed with it. Happy herself, she wanted everybody else to be the same!

"Goldie will come around all right! You give her time! And"—Aleda shook an arch finger at her friend—"in worrying about Goldie, who's quite fit to take care of herself, don't forget your old flame and my boss, William B. Lingard, who looks years and years younger since he's met his old sweetheart again!"

Marise was all a-flutter. Deep in her heart she had always cared for Lingard. And the words he had spoken to her that night rang in her ears like the echo of an old love refrain!

"Miss Ray, take this cable." William B. Lingard was at his desk. "Please accept Bianchi Power Company's conditions. Wire further details on Leviathan. Am leaving tomorrow. Send final particulars or try meet me Ritz Paris."

Aleda paused, pencil in hand. "To whom shall I send this cable, Mr. Lingard?"

"To Gary Chester, Hotel Excelsior, Milan," he answered.

Her Gary!

"Anything else?"

William B. Lingard leaned forward. He said, briefly: "I sail for Paris tomorrow night on the Gigantic. I require a secretary. The trip will be brief. My niece, the Countess Dellamanca, will chaperon you. Can I count on you to sail with me tomorrow, Miss Ray?"

MISS SHEEHAN WINS PRIZES AT GOLF CLUB

ST. CLOUD GIRL CAPTURES NET AND GROSS PRIZES AT TOURNAMENT

BRAINERD COUNTRY CLUB LADIES WERE HOSTESSES YESTERDAY

Miss Josephine Sheehan of St. Cloud walked off with both net and the gross prizes in the invitational tourney held at the Country Club yesterday by the Brainerd Country club ladies. Eight ladies from St. Cloud were the only ones present from the clubs invited to attend the meet. The contingents from Little Falls, Sauk Centre and the Deerwood-Aitkin-Ironton clubs were apparently frightened away by the threatening weather.

However, there were many ladies from the surrounding lake region and a number of Brainerd ladies there to make the tea in connection with the tourney a decided success.

The ladies of the Country club have been turning their proceeds from the teas into improvements for the club. They have already purchased some new dishes for the club house, and new shades for the club house windows, and numerous other articles for the club house.

The next tea will be staged next Thursday afternoon at 3 o'clock. The ladies have also spent a part of their money in the purchase of a set of 12 new chairs which they hope to have in use at the tea next Thursday afternoon.
